

# THE CONDON GLOBE.

FRIDAY, JULY 15, 1902.

## NOTICE.

The yearly subscription to the GLOBE is \$1.50, invariably in advance. No deviation from this rule. The paper will be stopped at the end of the time for which it is paid unless further ordered and paid for. A blue pencil mark around this notice indicates that your subscription has expired, and if you wish the paper continued you should remit the amount as soon as possible.

## GLOBOSITIES.

Attorney Hendricks of Fossil is in the city.

Rev. Wise will preach at Mayville next Sunday, 17th.

Clerk Lucas now plays on a brand-new Remington typewriter.

Rev. Lemay, the fluent orator, will preach at Condon the coming Sunday.

J. H. Downing and Herbert Halstead each made a trip to Arlington this week.

Born—Saturday, July 9th, to the wife of Frank P. Watson, near Fossil, a son.

Mr. David Hamilton is in Portland this week, as juror in the U. S. circuit court.

Charley Prindle and Rufus Ring of Fossil were over to our city Monday on business.

C. W. Burton's family left this week for Umatilla county, where they will reside awhile.

Supt. Geo. Neale requests us to state that Sunday school will begin at 2:30, sharp, next Sunday.

F. M. Busby returned home this week from Portland, having disposed of his horses at fair prices.

Howard Propst left this week for the Athens country, where he will try his luck a couple of months at harvesting.

The old jail building was removed this week to a lot in West Condon, and will be occupied by A. J. Walker as a residence.

Misses Daisy and Dora Downing returned home Wednesday from a month's pleasant visit to relatives and friends in the valley.

An entire block in Portland was leveled by fire Monday night, bounded by Washington, Stark, 6th and 7th streets. Loss, about \$250,000.

John F. McMillin of Sherman county is visiting his friends, Wm. and James Cooke, near town. Jas. McMillin, his cousin, accompanied him.

Miller & Hill, the present owners of the Bunch sawmill, have got it started and are ready to fill orders for both rough and dressed lumber, at the lowest market prices.

In the election contest of Hinshaw vs Conde, for the office of sheriff of Baker county, Judge Bradshaw last week decided in favor of Conde, and taxed Hinshaw for costs of the suit.

As per announcement, Mackey Bros. pitched their gallery at Condon Monday last. Those wanting first-class photographs had better hurry up, as they will leave here the 10th of next month.

Fred Monroe, the sheepman, was in town Wednesday. He informed us that Joe Potter, one of his herders, shot and killed a huge panther on Kahler creek, Grant county, last week. It measured 11 feet from tip to tip.

Alonzo C. Stevens and family came up from their home in California on June 25th, to visit his aged father at The Dalles, who is very low. On July 7th their infant son, Leland H., aged two months and six days, died, after a short illness.

Sheriff Wilcox informs us that there will be no change made in the deputyship, J. T. Anthony and T. G. Johnson retaining their positions in that capacity. This being the quiet season for such work, Mr. Anthony has concluded to run the planer of Halstead's saw mill in Lost Valley a month or so.

In our rush last week we omitted to mention the baby show on the 4th. Mrs. C. W. Burton's baby took the prize for the prettiest child on the grounds. We also overlooked the 3-legged and potato race, the former being won by Charley Perrin and Frank Plier, and the latter by Charley Perrin.

Dalles Chronicle: Helen Ruth, the little seven year old daughter of Mr. and Mrs. Geo. H. Thompson, formerly of this city, was brought here from Arlington for interment, having died of diphtheria Saturday last. Mr. Thompson is an invalid at the springs in California. Mrs. Thompson is a daughter of Judge Condon of this city. About six months ago they lost their little son, and the sympathies of a large circle of acquaintances is extended to them in the hours of their affliction.

The friends of D. H. Ward made application to have him admitted to bail a few days ago before the justice court that committed him to jail for killing John Looney, mention of which was made last week. The application was granted, and as soon as the bond was prepared, eighteen of the responsible citizens of Condon and vicinity stepped forward and signed the bail bond as fast as they could sign it. There was room for no more names, but many others were anxious to go on the bond. Although the bail was fixed at the small sum of \$1500, the eighteen sureties justified as being worth about \$15,000, and are actually worth in the aggregate about \$75,000. This is a straw that indicates that the people are with Ward in this trouble. Sheriff Wilcox will start to The Dalles Saturday to release Ward.

The ten largest cities in the world are reckoned in order, as follows: London, Paris, New York, Canton, Berlin, Tokio, Vienna, Chicago, Philadelphia, and St. Petersburg.

Times-Mountaineer: The Antelope Herald, which was expected to appear on July 1st, was delayed by reason of its material not arriving and will not be published for some days later. Mr. Shutt is a plucky, energetic young man of excellent business qualifications, and will give the citizens of that town as good a newspaper as any published in the Northwest, for the size of the town.

It is a dangerous practice to brand other people's colts. A great many people have learned that from experience. Last week Geo. Knox went over to his farm near Lone Rock and discovered that one of his colts had just been taken away from its mother. He soon found it, freshly branded and in a young man's pasture near there. George told him the healthiest work he could get at just then was to take the colt back to its mother and vent it, which he lost no time in doing, in presence of witnesses. It is probable the grand jury will regulate this case at the September term of circuit court.

## Beecher Flat Flabs.

Some of our neighbors are fixin' to go to Athena to work through harvest.

A number of Beecherflatters went to Fossil to the celebration, which was exceedingly good. We were more than gratified with Co. H carrying off the honors of the day.

Weather cool with occasional showers. There will be considerable grain, notwithstanding the growler and starvation predictor. Some think it was the hot, dry days that injured the crops, but it is a mistake. It was the cold, dry wind from the north and west. The grain was benefitted by the hot weather. Gophers are damaging the grain a good deal in this section.

Beecherflatters are contemplating a picnic at the close of the next term of court, to be held at the new bridge on Thirtymile, and we invite the honorable court, all its attendants, all the merchants and business men of Condon, also the road supervisor of district No. 9, as all our people wish to tender him their thanks for putting the road in such good repair from the top of the grade to Thirtymile creek. We also want the court, supervisor and citizens to enjoy a first-class ride over the road in question. Our people have about given up all hope of ever having the road improved unless they do it themselves. It can be safely said, without fear of contradiction, that this is the worst piece of road in the county. What makes it look all the worse is the fact that it is one of the leading public highways to the county seat, and is in the county seat district. One can scarcely ride over the ill-kempt trail without having their neck unjointed, to say nothing of the human teeth strewn along the way, that have been jolted loose. We are real mad about it, too.

## Junction Jottings.

A stranger stopped in a bunchgrass land and noticed the dreary region:

With wondering eyes he gazed on the sand.

And thus summed up his version:

Go West, go East, it can't be beat

Throughout all nature's wide domain;

For sand and sage it is complete—

This desolate, wind-blown plain.

J. W. Maguire has gone to Fox valley with horses, to be gone about a week.

Our school has been in progress six weeks, and has a regular attendance of 11 pupils.

Mr. J. E. David of the John Day river has been visiting the family of Mr. Cooke, in this "city."

Misses Grace Cooke and Ida L. Baker have returned from their trip to Portland, where they attended the State Teachers' Convention during the last week. They report a very pleasant and profitable time.

Horse-back riding has become very popular with the ladies of this burg. We notice, however, that they prefer a gentle steed to that of the justly-celebrated bucking cayuse. It may not be generally known, but it is a trifle embarrassing to a lady to be on top of a cayuse when they occasionally ascend up into the air a rod or 2 and turn around a few times. As aforesaid, we prefer the quiet, old-fashioned horse.

## Germany Gems.

Miss Helms spent the glorious Fourth at Waldron, and reports having had a glorious time.

An itinerant peddler, of sewing-machine proclivities, passed through here Sunday. We inadvertently neglected to ask him where he was going, and for that reason it is highly probable he is still going.

Crops look well, considering the slight dose of tropical climate which we have experienced lately. Dutchplant against the world when it comes to raising anything—if nothing better than a vigorous cant-hook sermudge. (The above brilliant joke is purely original).

Fires have destroyed lots of good timber and grass in the mountains lately, also some fence posts. If the fellows who started these fires are caught, they will wish, in the next world, that fire had never been invented, as they will have an excellent opportunity of testing Mr. Satan's new-fangled heater.

## County Court Proceedings.

Ethel Parman was granted a scholarship to the State Agricultural College. Petition of R W Crane et al for a county road, granted; viewers appointed, A Greiner, C J Quinn and Wm Pentecost; surveyor, W W Kennedy. Meet on July 18, 1902.

Petition of J. W. Phillips for a county road, granted; viewers appointed, Mat Ward, H J Nott and Jos Baird; surveyor, W W Kennedy. Meet July 18, 1902.

Petition of residents on Rock creek and vicinity for opening road from the Leonard bridge to Olex, denied, as there is no record of such road. (Interested citizens should petition for a new road).

Matter of road No 55—Trailfork road—court considers it a legal road.

Frank P. Watson, supervisor of road dist No 9, authorized to procure bridge lumber as he requested, hauling to be done by the dist road work.

A. L. Duthie appointed stock inspector, and bond approved.

Matter of petitions for bounty on squirrel scalps; continued until January term.

Matter of opening county road through Earnest Seekamp's place; road survey ordered to open road and to prosecute any person for obstructing same as provided for by Hill's Code, Sec 1972 of the laws of Oregon.

Bonds of sheriff, clerk, county treasurer and assessor, all examined and approved.

W J Edwards appointed to receive the Thirtymile bridge when completed.

W L Wilcox appointed to receive the county jail when completed according to plans and specifications.

## LAW.

Joseph H Hill, a native of Ireland, and Arthur D Halry, a native of Nova Scotia, admitted to full citizenship.

## PROBATE.

Estate of W G Brown, deceased; ordered that citation issue to Mrs S S Cole, administratrix, on petition of H G Hurlburt.

Estate of Jas S Downer, dec'd; J M Brown, F M Plier and G Schilling appointed appraisers.

Estate of Jesse Sporyer, dec'd; ordered that the real property be sold in accordance with law at public sale for cash in hand.

Estate of Dras heirs; report and inventory to be filed.

Estate of Frank Weatherford, dec'd; ordered that final report be filed pursuant to final settlement of the estate, also proof of final notice.

Estate of John P Looney, dec'd; Robt F Looney appointed administrator, and John Maddock, John H Miller and F M Shannon appraisers of the estate.

## BILLS ALLOWED.

Judges and clerks of election, June 6, 1892.
